USING NOODLE TOOLS

A research tool to stay organized!
What is Noodle Tools?

NoodleTools provides software that assists students throughout the entire research process.

- Search intelligently
- Assess the quality of results
- Record, organize and synthesize (put together) information using online notecards
- Format your bibliography in MLA, APA, or Chicago/Turabian style
Let’s Begin!

1. Go to www.noodletools.com
2. Click on Current Users/Sign-In.
3. For your first time use, click on the button, Create a Personal ID.
4. Subscription Type = Account linked to a school. (Default option) Click on the Register button.
5. School/Library username = abms
   School/Library password = library
Create your own account...

1. Register as a New user:
   - Student
   - Graduation Date (2016 for 8th grade)
   - Personal ID ***Important***
     - Use your school district login username & password.
   - Easy Login Retrieval
   - Click Register

FYI—The back arrow does not work on Noodle Tools.
Begin Assignment Set-Up

1. Click **Create A New Project**
   - Select **MLA Basic**
   - Description = Title of Project (The Giver Movie Maker)
   - Click **Create Project**

2. Bibliography: From Dashboard, click Biblioography. Select type of source and type information.
   Remember to capitalize & use correct spelling.
   Click **Generate Citation**
Taking Notes using the Notecard Tool

- This is optional. You may use actual notecards, notebook paper, or MS Word.
- Remember, do not copy information when taking notes. Put it in your own words.
- You will need at least 25 notes for The Giver Project.

Using Noodle Tools for Notes:
- From the Dashboard, click on Notecards.
- Click New Notecard.
- Complete information: Focus on Paraphrasing.
- Save & continue notes.
