Using the information you found in your research, you are going to write a story about what a day in the life of your superhero would be like.

Things to include:
- how your superhero came into existence
- diet – 1 fact from each animal
- habitat/environment – 2 facts from each animal
- superhero’s nemesis (reasons for endangerment) – 2 facts from each animal
- characteristics special to your creation – 2 facts from each animal (example- physical characteristics and abilities).

General Outline
Your story should go in chronological order. In a given day, your superhero will have to eat, do its “job,” protect itself, and face elements that are a threat to its existence, AKA its nemesis.

Be sure to include background info as well as a specific story that your superhero faces in its day. Your story should tell what it is like to be your superhero, from when it wakes up to when it falls asleep. Your details should be fact-based, but your story should be creative.
