Suffrage Rally

NO SELF RESPECTING WOMAN SHOULD WISH OR WORK FOR THE SUCCESS OF A PARTY THAT IGNORES HER SUFFRAGE.

USA & ANTHONY 1872—1950
American Woman and Her Political Peers
WOMAN'S RIGHTS.

Air: John Brown.

It's the right of every woman
To mark out her path in life,
And to be a saint or soldier,
Or a true and loving wife;
To fill the soul with gladness,
And recall the world from strife,
As she goes marching on.

Chorus: Glory, glory, hallelujah!
Glory, glory, hallelujah!
Glory, glory, hallelujah,
As she goes marching on.

It's her right to serve the nation
In its every hour of need,
Her right to sit in judgment
On her country's faith and creed,
And show the world her courage
By some high, heroic deed,
As she goes marching on.

Chorus.

It's her right to train the children
In the home and in the school,
To help in framing statutes
And determine who shall rule,
And, like man, to cast her ballot
For a statesman or a queen,
As she goes marching on.

Chorus.

Women Tired of Worn Out Laws

Thursday, January 30, 1913
Unidentified Kansas newspaper clipping

"... It is humiliating to the womanhood of the state to be governed by worn-out laws which have not been modernized to meet a modern age. Women are now a political factor in Kansas. We must use our power to humanize our people. We must exert a socialistic influence for progressive laws. We must give the human beings in our state the same care which, in the past, has been given to horses..."

"... First of all comes the problem of the laboring class. People cannot live and work, when improperly fed and improperly housed. It is for us to awaken the interest of the better employer to insist upon justice for the laboring class...If our civilization is to be sound, we must aim at these reforms."
