Some Reasons

Why We Oppose Votes for Women

Because the basis of government is force—its stability rests upon its physical power to enforce its laws; therefore it is impossible to give the vote to women. Immunity from service in executing the law would make most women irresponsible voters.

Because the suffrage is not a question of right or of justice, but of policy and expediency; and if there is no question of right or of justice, there is no case for women suffrage.

Because it is the demand of a minority of women, and the majority of women protest against it.

Because it means simply doubling the vote, and especially the undesirable and corrupt vote of our large cities.

Because the great advance of women in the last century—monot, intellectual and economic—has been made without the vote; which goes to prove that it is not needed for their further advancement along the same lines.

Because women now stand outside of politics, and therefore are free to appeal to any party in matters of education, charity and reform.

Because the ballot has not proved a cure-all for existing evils with men, and we find no reason to assume that it would be more effective with women.

Because the woman suffrage movement is a backward step in the progress of civilization, in that it seeks to effect natural differentiation of function, and to produce idleness instead of division of labor.

Because in Colorado after a test of seventeen years the results show no gain in public and political morals over male suffrage States, and the necessary increase in the cost of elections which is already a huge burden upon the taxpayer, is unjustified.

Because our present duties fill up the whole measure of our time and ability, and are such as none but ourselves can perform. Our appreciation of their importance requires us to protest against all efforts to infringe upon our rights by imposing upon us those obligations which cannot be separated from suffrage, but which, as we think, cannot be performed by us without the sacrifice of the highest interests of our families and of society.

Because it is our fathers, brothers, husbands and sons who represent us at the ballot-box. Our fathers and our brothers love us; our husbands are our choice, and we with us; our sons are what WE MAKE THEM. We are content that they represent US in the corn-field, on the battle-field, and at the ballot-box, and we THEM in the school-room, at the fireside, and at the cradle, believing our representation even at the ballot-box to be thus more full and impartial than it would be were the views of the few who wish suffrage adopted, contrary to the judgment of the many.

We do, therefore, respectfully protest against the proposed Amendment to establish "woman suffrage" in our State. We believe that social equality will deprive us of special privileges hitherto accorded to us by law.

Our association has been formed for the purpose of conducting a purely educational campaign. If you are in sympathy with this aim and believe as we do in the righteousness of our cause, will you not send your name to us and pass our appeal on to some one else?

VOTES FOR WOMEN!
THE WOMAN'S REASON.
BECAUSE

BECAUSE women must obey the laws just as men do.
BECAUSE women pay taxes just as men do, thus supporting the government.
BECAUSE women enter into legal obligations just as men do.
BECAUSE women live in a state of government just as men do.
BECAUSE women should receive equal justice when taxed.
BECAUSE women want to raise their children better.
BECAUSE women are citizens of the United States, are good workers, and their health and education are often neglected by society.

BECAUSE women are the mothers of men.
BECAUSE women need to be taught to judge some of the laws and to resist不合理 decisions made by those who have not been educated.
BECAUSE women are voters and should have a voice in the representation of the people.
BECAUSE women are citizens of the government of the people by the people and for the people.
